Wheel- REMARKABLE DISCOVERY

IN FOREST PLANTS. DR. HALSEV, (of New York,) has discovered medicinal properties in certain plants found growing wild iff the forests and fields, from which he has produced Two Remedies which cute the worst forms of Disease. These popular femedies are

DR. HALSEY'S POREST WINE AND FOREST PILLS.

The Porest Pills There are three things peculiar to these Pills alone.

1st. They neither gripe nor weaken the system. This is because they contain no Daves or MINERALS. But that they are the pure virtues of Plants which are as wholesome as the food we

2d. They purge most when the stomach and bowels are most billious and four, after this efficacy enters the blood, and the process of purifying goes on until all humor and disease are expelled from the system. 3d. A cure is certain in all cases for which

they are recommended, and they cure without affecting the bowels but slightly.

It is folly to use severe and griping purga-TEMPEST has been bought expressly for the trade from Gallipolis to Ravenswood, and will be a regular packet in said trade. My principle is never to weaken the system; the strongto throw off disease when assisted by a really good medicine. Salts and Castor oil and the whole category of Pills made of Drugs, answer no purpose more than purgation. Such drugs neither reach the blood or bad humor. The Pills made of these Plants is a different thing altogether. They cannot harm a child, yet their ficacy in curing Diseases of the Blood and other complaints is certain, and in some cases to which I have been eye-witness, their cures have been almost wiraculous.

The Forest Wine-The medicinal prop erties of the Forest Wine are different from edy harmonize together, and in the cure of some disorders one Remedy is as important to the other as water and food are for our existence. I have pointed out in the following directions some of the cases which require only the Pills and other cases which require only the Wire; also some of the cases which require both the Wine and the Pills to ensure the cure. The combined action of both Remedies have a more powerful and searching efficacy, and cure soon-er than either remedy alone in all such cases as

I have recommended them together.

One purgative dose of the Forest Pills is warranted to cure any Bilious disorder, or any complaint arising from foul stomach and morbid conlition of the bowels.

One or two purgative doses will cure Fevers-One Box of the Pills and a Bottle of the Wine are warranted to break up and cure the most severe Colds, Coughs, and Pain in the Breast. (I have never tried my Remedies in the most advanced stages of consumption, and cannot warrant them to cure it, but old and seated Colds, and Charles and Pain in the Breast, these Removed Pain in the Breast the March and Coughs, and Pain in the Breast, these Remedies cure sooner than anything I ever knew or

One bottle of the Wine and a Box of the Pills are warranted to cure the Asthma, but some bad cases require more. The Forest Remedies give immediate relief in Dyspepsia and Indigestion, and one or two Boxes and as many Bottles are warranted to cure the most severe cases of this distressing

The efficacy of the Forest Remedies i Rheumatism is very singular, some of the most distressing cases I ever saw have been cured by them in twelve days' time, while some other cases, (apparently not so bad,) it took nearly three months before the complaint yielded to the efficacy of the Remedies. This sometimes may be owing do a broken-down constitution but more frequently to some kind of narcotice drug taken at some former period, for I have always noticed it took longer to cure patients who had taken mercury and other poisonous drugs.

Ague and Fever and Chills—The Forest Remedies are the best cure in the world for Ague and Fever. One or two doses of the Pills and less than a Bottle of the Wine, is

arranted to break the Ague and, cure the pa tient, but the directions which accompany Remedies should be adhered to. I have had some Ague and Fever 'patients who were very much bloated and limbs badly swollen from the bad effect of medicines containing quinine. No had effects ever follow the cure by the Forest Remedies. The fact is, I have had many apply for my Remedies to cuse the bad effects of quinine, even after they had get rid of the Ague. Ulcers. Boils, Blotches, Scabbed Head, Ringworm, Erysipelas, Salt Rheum, Sore Eyes, and every kind of Humor. I have never witnessed anything so certain and complete as the Forest Remedies in the cure of these complaints.— They all arise from one common cause-Impure but if both Remedies are used, two Boxes of the Pills and two or three Botties of the Wine, is warranted to cure the very worst cases, and fre-

quently by less than half the quantity. Two Boxes of the Pills and as manyBott so, the necessity for it has ceased. the Wine, is warranted to cure the worst eases of Jaundice.

Female Obstructions, produced from bed colds.

Female Obstructions, produced from bed colds; or weakly constitutions: a few doses of the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, tressing forms of these complaints; and if the wine be followed up a few weeks, these derangments will not occur again. The wine exactly suits the female constitution, and gives strength, vigor and blooming health.

Wine is a popular remedy for all these complaints, one to three Bottles cure the worst cases without the use of the Pills; but when the complaint is accompanied with some other disorder the Pills also will be required

Over a million of Boxes and Bottles have been sold within the last two years in the United States and Canadas. Letters and certificates to the amount of many thousand have been received, testifying to the cures and good effects o these Remedies.

o these Remedies.

READERL I never knew a single instance where the Remedies have been taken according to directions, but that they produced the most decided benefit. Even in old standing complaints, where the patient persevered in them for a reasonable length of time, they have effected a cure in every instance which has come to my knowledge, with the sole exception of one. This was a very old man, whose constitution was com-pletely gone before he began to use them, still he found them to do more good than anything else. It should be understood that these Rem-edies are not made of drugs kept by druggists, as all other medicines are, but that they are pro-duced from the medicinal virtues of certain plants, which nourish and purify the blood as food does the body. I will men'ion for example, three of these plants which are well known, Dandelion. Yellow Dock, and Sarraparilla, the others are found in the forest, and their virtues are ten times more effective than those I have named, and were it not for making known the secret of my discovery, which I place great value on, I would not hesitate to name them. Suffice it to say that the efficacy of one of them was discovered by its cure of a horribie case of
